Class 8 | CBSE / GSEB | Science

Practice Pack: Microorganisms – Friend and Foe

Chapter / Topic: Topic-based: use with whichever Class 8 book your students follow

Name: _____ Roll No.: _____ Date: _____

Marks obtained: _____

General instructions:

1. Part A checks the basics. Part B makes you think and apply.
2. Make two columns in your notebook, 'Friend' and 'Foe', and fill them as you go.

PART A: BASICS

Q1. Name the major groups of microorganisms.

Q2. Which microorganism turns milk into curd?

Q3. Which microorganism is used to make bread rise? How does it do it?

Q4. Name two diseases caused by bacteria and two caused by viruses in humans.

Q5. What are antibiotics? Give one example.

PART B: THINK AND APPLY

Q6. How do microorganisms help in increasing soil fertility?

Q7. Why should we not take antibiotics without a doctor's advice? Do antibiotics work against the common cold?

Q8. How do vaccines protect us from disease?

Q9. Give four methods of preserving food, and explain how one of them works.

Q10. Why is milk pasteurised? How is it done?

Q11. How does the female Anopheles mosquito spread malaria, and how can we prevent it?

~ Microbes are tiny, but they're everywhere. Wash your hands! ~
